CLEMATIS.

(HARDY.)

Red, White, Purple.

THIS beautiful flower may well be called the Prince among all hardy flowering vines, and we presume all of our customers who have seen the magnificent masses of flowers produced by this grand climber, have promised themselves to plant one at the very next opportunity. It is especially adapted for house fronts, trellises or open lawns, where it can be trained as a creeper to cover rocks, stumps or mounds. We offer three of the best varieties, strong, field-grown plants, on their OWN ROOTS:

JACKMANI, very vigorous grower, and covered from July to November with Deep Royal Purple Flowers. **20c. each, 3 for 50c.**

MADAME EDOUARD ANDRE. The first and only red clematis ever sent out. It is a hybrid of Jackmanni, which it closely resembles in vigorous growth, shape of flower and profusion of bloom, but color is a bright Carmine Red. **20c., 3 for 50c.**

KENRVI. A very strong grower, and very hardy, producing a great profusion of Pure White Flowers. The very best white, **20c., 3 for 50c.**

One each of 3 Clematis, **50c.**

Extra Strong Field-grown Plants, **30c. each, the 3 for 75c.**

A GROUP OF CLEMATIS FLOWERS.

J. ROSCOE FULLER & CO.,

SEEDSMEN AND FLORISTS,

FLORAL PARK,

NEW YORK.

To Our Friends and Customers.

IN presenting you with our New Spring Catalogue we beg you to accept our most sincere thanks for the very liberal patronage of past years. We look upon it as one of the many proofs that our **Seeds, Bulbs and Plants** are highly satisfactory to you, which fact gives us much pleasure, and also reason to hope for your further orders. Of our novelties and new plants, we cannot recommend them too highly, especially the **NEW WHITE BLACKBERRY ICEBERG**. This we are sure you will find to be the finest fruit introduced in many years.

All Seeds, Bulbs and Plants are sent by mail postpaid, and when shipped by **Express** charges are paid by us.

Make Remittance at our risk, by Money Order on Floral Park, Bank Draft, Check, Express Money Order or Registered Letter. Silver or Stamps may be sent for small amounts. See Page 9 for **free** gift with each order.

Large Flowering Begonias.

RUBRA. One of the best of all Begonias for house culture. They will commence to bloom when but six inches high, and will continue to bloom, without ever missing a day, for five or six years at a time. **15c. each, 2 for 25c.**

THURSTONI. We have two colors of this beautiful Begonia, **White** and **Pink**. It is a very strong grower and free bloomer. **15c. each, 2 for 25c.**

7c. each; 4 for 25c.; 9 for 50c.

Tobacco Insecticide Soap.

The most valuable insect destroyer known.

This soap is the most effectual to kill all insects. It is made from a powerful form of tobacco gum, absolutely safe to handle, and will not injure the tenderest growth of plants. It is used by dissolving in hot water at the rate of one ounce to two quarts of water. With this water, plants are sprinkled, syringed or sponged, and one or two applications will exterminate any kind of insect. Sure death to green or black fly, scale, mealy bug, red spider, etc. If used once or twice a month on plants they will never be troubled with insects. Sold only in seven ounce cans, at **30c. each**, by mail postpaid.

Excelsior Fertilizer.

A new Odorless Fertilizer for Pot Plants, makes them grow and bloom luxuriantly and drives insects from the soil.

This excellent Fertilizer is the only thing of the sort which can be used with good results for pot plants. It is used by dissolving a teaspoonful in a pint of water, and applying to the soil every week or two. It starts the plants at once into a healthy and vigorous growth and abundant bloom. It drives the worms and other troublesome insects from the soil; has no disagreeable odor, and is the only artificial Fertilizer that can be used without danger or injury to the plants. Trial package of 8 ounces, **20c. each**, postpaid; pound, **35c.**

ASTERS.—It is unnecessary to dwell on the great beauty of these popular favorites, as they are loved by everyone. We recommend our friends to plant a number of varieties, as no other annuals afford so grand a display of flowers during the summer and fall months.

LARGE FLOWERING ASTER—DWARF QUEEN.

ing habits, also its handsome globe shaped flowers. No plant brings less than 40 buds, while as many as 70 have been counted on a single bush. The flowers are of pure snowy whiteness, and are produced in succession and so prolong the blooming period into the late autumn; a most useful variety for pots and beds and especially for cut flowers; pkt. 7c., 3 for 15c.

NEW JAPANESE GIANT ASTER.

Entirely distinct from all other Asters. The flowers are of immense size, measuring from 5 to 6 inches in diameter, with long petals curiously waved and curled, so as to give them a striking resemblance to a Japanese Chrysanthemum. This new Aster has been awarded a first-class certificate by the French National Horticultural Society. So far, only two colors, a lovely pink and a delicate flesh, have been obtained,

Two Colors, mixed, pkt. 7c., 3 for 15c.

Truffaut's Pæony-Flowered Perfection Asters.

Among the most popular of all Asters; very double, large and beautiful flowers, with incurved petals; height 18 inches to two feet; nearly thirty colors mixed; pkt. 5c.

Perfection. Snow white.....pkt. 5c.

Perfection. Blue.....pkt. 5c.

Perfection. Dark Red.....pkt. 5c.

The Three Colors Mixed.....pkt. 5c.

FIRE BALL. A most dazzling scarlet.....pkt. 4c.

CHRYSANTHEMUM FLOWERED.

Most beautiful, looks like a Chrysanthemum; per pkt., mixed colors, 4c.

NEW WHITE-BRANCHING ASTER. A new variety of American origin. Of double white flowers, quite four inches in diameter, are borne upon long stems, making them excellent for cutting. The long, broad petals are frequently twisted and curled in such a manner as to give the blossom the appearance of a large, graceful Chrysanthemum. We cannot recommend this distinct New White Aster too highly for cut flowers. Per pkt. 5c.; 3 pkts. for 10c.

NEW, LARGE-FLOWERING, DWARF QUEEN ASTER.

It is impossible to say too much in praise of this new strain.

The dwarf, bushy plants grow only ten to twelve inches high, and while branching very freely, the branches are upright (not loose in habit), make a dense, compact bush—excellent for pot culture as for bedding. The flowers are of extraordinary size, perfectly double, and resemble the finest Victoria Asters in form—excellent for cutting. On a single plant we counted forty flowers and large buds, while many small buds were appearing.

White Queen. Spotless white, pkt. 5c.

Crimson Queen. Rosy-crimson, pkt. 5c.

Dark-Blue Queen, - - - pkt. 5c.

Light-Blue Queen, - - - pkt. 5c.

All Four, finest mixed, - - - pkt. 5c.

Any three packets for 10c., or the set of five packets for 20c.

ASTER—LADY IN WHITE.

An Everbloomer. From its parent, the Mignon, it has its branching and free blooming habit, also its handsome globe shaped flowers. No plant brings less than 40 buds, while as many as 70 have been counted on a single bush. The flowers are of pure snowy whiteness, and are produced in succession and so prolong the blooming period into the late autumn; a most useful variety for pots and beds and especially for cut flowers; pkt. 7c., 3 for 15c.

PÆONY-FLOWERED PERFECTION ASTER.

MIMOSA OR SENSITIVE PLANT.

A curious plant with delicate fern-like leaves that fold closely together if touched, as though they were wilted by a hot blast. In a short time they again revive. It is a very beautiful plant and one which furnishes endless amusement; pkt. 3c.

CLIMBING NASTURTIUMS.

MADAME GUNTHER'S HYBRIDS. For richness and variety of colors these new hybrids have no equals among Nasturtiums. There are shades of rose, salmon, brightest red, pale yellow, either as self colors or spotted and striped. The foliage is mostly dark, and contrasts very effectively with the rich colors. They are climbers and are free and continuous bloomers. Pkt. 5c., oz. 15c.

GOLDEN CLIMBER. A splendid climbing Nasturtium, with beautiful golden colored leaves and brilliant scarlet blossoms. It makes a vine, either for the garden or window, which is of the most striking oddity and beauty, and will attract the widest attention. The bright colored blossoms mingled with the charming light yellow leaves produce a pretty effect. Pkt. 5c.

TALL NASTURTIUMS, MIXED. 20 kinds and colors. Pkt. 3c., oz. 10c.

TROPÆOLUM LOBIANUM. This variety has finer and more brilliant flowers than the climbing Nasturtium. This elegant climber is growing in favor each year. On trellises, over doors and porch or trailing over the ground they are equally lovely.

Large, bright flowers among the deep green foliage.

Pkt. 4 c.,
oz. 12c.

Dwarf Nasturtiums.

DWARF NASTURTIUMS.

LADY BIRD. Very fine, bright yellow, marked with stripes and blotches of ruby crimson. Pkt. 3c.

TOM THUMB BEAUTY. Yellow and scarlet. Pkt. 3c.

KING THEODORE. The very darkest; almost black. Pkt. 5c.

DWARF MIXED. The very finest mixture of all the low-growing varieties. Pkt. 3c., oz. 10c.

Bird of Paradise.

Bird of Paradise.

(Poinciana Gillesii.)

The color of the flower is a golden yellow, measuring two and a half inches across, with shape as shown in illustration, and are produced in very large trusses. The most beautiful part of the flower is the large pistils, which are spread out in fan-like form, and are of bright crimson color. The foliage is also highly decorative, reminding one of a very delicate acacia. If the seed is started early it will produce blooms in great profusion the first year. Pkt. 10c.

Sweet Scented Pansies.

This lovely new class is the result of a hybridization or crossing of the Pansy with the Sweet Violet, retaining the delightful Violet perfume, with Pansy blooms 2 inches in diameter, of good substance and in many colors. They include pure white, yellow, black, maroon, orange and lavender, also striped, blotched, feathered, etc. Pkt. 10c.

Mixture of Scarlet and Red Pansies.

Red and scarlet flowers. It is made up of such varieties as Meteor, Red Ridinghood, Cardinal, Fiery Faces and also from some special selections we had made for this mixture by several Pansy specialists. A bed of these Pansies presents a striking and beautiful effect. Pkt. 8c., 3 for 20c.

PANSIES.

FULLER'S GIANT PERFECTION.

FULLER'S NEW GIANT PERFECTION. This new Pansy is 3 to 3½ inches in diameter, of intense coloring and borne in great profusion; 50 kinds and colors; pkt. 3c.

KING OF THE BLACKS. Deep coal black; pkt. 3c.

EMPEROR WILLIAM. A splendid blue; pkt. 3c.

LORD BEACONSFIELD. Purplish-crimson; pkt. 3c.

ODIER FRENCH BLOTCHED. Beautifully marked; pkt. 3c.

FANCY STRIPED. A strain of Pansy made up of various colors, all elegantly striped and variegated. It is very striking and odd and always greatly admired; pkt. 4c.

VICTORIA. Deep Scarlet. The brightest and only red Pansy known; pkt. 5c.

PEACOCK. A Pansy of superb and varied colors, most of them showing that glorious and luminous bronze-blue seen only in peacock feathers. It is a finely colored strain and cannot be too highly praised; pkt. 5c.

SNOW QUEEN. Large pure white flowers. Fine for cemeteries; pkt. 3c.

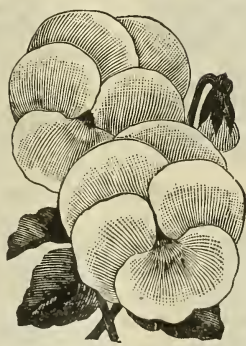

IMPERIAL GERMAN. The favorite and most popular Pansies raised in Germany. Colors very bright, faultless form; pkt. 4c.

YELLOW BIRD. This is one of the grandest bedding Pansies known, being a clear deep yellow with no other marks; pkt. 6c., 3 for 15c.

SUPERB MIXTURE of all the above named kinds and colors; pkt. 4c., ½ oz. 25c.

New Japanese Imperial Morning Glories.

The flowers of these grand Morning Glories are as large as moon flowers, measuring from 4 to 6 inches across, with markings and colors never before seen in flowers. Some single, some double, and many with variegated and feathered petals and leaves. The flowers are borne by the hundreds; nothing among flowers can furnish a more beautiful sight than a screen, hedge or trellis of these Giant Morning Glories. **Mixed, all colors and varieties. Pkt. 5c.**

PORTULACA. In brilliancy and beauty of colors, Portulacas are unrivaled; they delight in sunny situations, where they very soon carpet the ground. Some double as roses.

Large flowers, all hardy. **Pkt. 5c.**

PETUNIA, NEW HYBRIDS.

PETUNIA.

One of the leading window and garden flowers. Plants always full of bloom; ever an object of great beauty.

NEW HYBRIDS. Striped and blotched; a magnificent strain, producing a great profusion of crimson and white flowers. Pkt. 4c., 3 for 10c.

FRENCH TREE. Grows in tree form; very handsome. Pkt. 5c.

DOUBLE SNOWBALL. Very rare and scarce. Large double white flowers. Pkt. 10c.

Chinese Lantern.

PHYSALIS FRANCHETI.

THE CHINESE LANTERN plant produces bright red fruits like a cherry, inclosed in transparent husks, globular shape, which makes a plant in bloom and fruit look like a bush covered with small Chinese lanterns. Fruit is most delicious for eating, and when preserved is one of the most delicate desserts. For ornamental purposes, when cut and dried, it is truly novel; it retains its brilliancy for months. Elegant for pot plants as well as out of doors. Fresh seed, pkt. 5c.

Picotee Pinks.

These Pinks are extremely fragrant and hardy. They are frequently called Hardy Carnations.

Mixed Colors. Large flowering. Pkt. 5c.

Petunia, Double Fringed.

All Petunias will not come double from seed, but this will produce as many double flowers as any in cultivation. All colors mixed. Pkt. 8c.

DOUBLE AND SINGLE MIXED. Contains all the colors and character in the double, single and fringed varieties. Very fine. Pkt. 5c.

Salpiglossis Grandiflora.

The graceful flowers, borne on long stems, range in color from the most delicate shades of light blue and straw color to the deepest purple and richest brown and maroon. The metallic gloss and distinct veinings of the petals present almost the appearance of jeweled enamels. Mixed, large flowering. Pkt. 4c.

FAIRY BLUSH POPPY.

POPPIES.

There is nothing more graceful than the silky blooms of Poppies, and few flowers easier to grow.

FAIRY BLUSH. A lovely feathery variety, double, with fringed edges. Pure white with rose cream edge. Pkt. 4c.

GIANT SNOWDRIFT. Pure snow-white flowers. Pkt. 3c.

GIANT CARNATION FLOWERED. Double flowers, brightest colors, perfectly grand. Pkt. 3c.

SHIRLEY. A lovely single Poppy with petals that seem stamped out of the most lustrous silk, and of the softest, most delicate colors or of the most brilliant hues, each flower widely margined with some other shade. No one can help admiring these beauties. Pkt. 4c.

Double and Single, all colors mixed. 50 colors. Pkt. 3c.

SHIRLEY POPPY.

Passion Flower.

Very beautiful, rapid growing climber; grown for their very handsome foliage and striking flowers; elegant for window culture or out-door planting. Mixed colors, Pkt. 7c.

STAR PHLOX.

PHLOX.

PHLOX DRUMMONDI, Grandiflora. A bed in bloom dazzles the eye with its brilliancy, and the different colors produce a beautiful effect. Sow seed in the open ground early. Pkt., mixed colors, 4c.

COCCINEA. A rich scarlet. Pkt. 5c.

Double Yellow. Large double flowers. Pkt. 7c.

Alba. Pure white; one of the finest. Pkt. 5c.

Mixed Varieties. The very finest of all colors. Pkt. 3c.

A Single Plant exactly engraved from a Photograph of

New Dwarf Sweet Pea—PINK Cupid.

THIS little wonder hails from California, having been discovered by C. C. Morse & Co. It is not a sport from the original **White Cupid**, but an actual departure from its parent, **Blanche Ferry**. In habit and manner of growth it is strictly a **Cupid**, spreading from the root, from a foot to 18 inches around, growing from 6 to 8 inches high, shooting up stems about 6 inches long which bear at once from 3 to 4 blossoms each, all borne close to the end of stem. Color, **bright rosy pink, with pure white or light pink wings**, which are very large and beautifully formed, and when flowers are cut will remain fresh in a glass of water for a long time. The plant itself is vigorous and hardy, and those who had poor success with **White Cupid** will find **Pink Cupid** easy to grow and bloom anywhere. Though flowering early it continues to bloom very late, bearing a profusion of blossoms so thickly as to completely hide the plant. It is without a rival as a border or bedding annual, its color and fragrance making it a rare novelty. Pkt. 10c. 41 15c

White Cupid.

THE FIRST FORM OF A DWARF, SWEET PEA.

This is a novelty of unusual importance. It is a Dwarf Sweet Pea, the plant growing only five inches high, yet spreading out and forming a solid mat of foliage and flowers one and one-half feet across. The blossoms are pure milk-white, very sweet, of largest size and great substance, and borne on stems 4 inches long, three flowers on each stem. It begins to bloom as early as May, and, unlike the climbing Sweet Peas, continues in profusion until killed by frost. Pkt. 5c., 8 for 12c.

1 Packet Each of Pink Cupid and White Cupid, 12 cents.

Named Sweet Peas.

AMERICA. The most distinct blood red and striped Sweet Pea of all. No collection is complete without it. Pkt. 5c.

BLANCHE FERRY. Earlier than most others, largest flowered, most perfect in form, most beautiful, most fragrant, compact and bushlike in habit. The plant throws up innumerable flower stems, each bearing three or four immense pink and white flowers. Pkt. 3c.

BRILLIANT. Bright scarlet flowers, borne three on a stem. The flowers retain their full brilliancy of color under the hottest sun. Pkt. 5c.

STANLEY. The very best dark variety. Color rich dark maroon. Pkt. 3c.

FAIRY QUEEN. White and rose. Pkt. 3c.

VIOLET QUEEN. Lovely shade of violet. Pkt. 3c.

PURE WHITE. The old white favorite. Pkt. 3c.

BLANCHE BURPEE. The largest white known. Pkt. 5c.

"RED RIDING-HOOD." This is an entirely new departure in form, and might be called the "freak" Sweet Pea. It is named appropriately "**Red Riding-Hood**," for it is as close an imitation of a diminutive hood as could be made. The standard forms a perfect back, ruffled into the wings which form the sides, from between which peeps a bit of the white keel, quite like a face. The standard and wings are a rosy-pink, shading to bluish white. Pkt. 4c.

ECKSFORD'S FINEST MIXED. Contains all the very best varieties yet introduced. Both double and single. Pkt. 3c., ounce 10c.

One Packet each of all the Sweet Peas named on this page, 11 varieties in all, 35 cents.

PERENNIAL PEA.

Perennial Pea.

No praise can be too high for this lovely iron-clad vine, that blooms constantly from early summer until late autumn. Plants a picture of vigor and healthfulness, bearing a profusion of long-stalked clustered flowers, white, pink and deep rose in color, each flower an inch or more across. It is strange that they are so rarely seen, for they are easily grown, perfectly hardy, and so beautiful that we have never yet seen a person who did not admire their cheerful flowers. Four to six feet high; mixed, all colors, 5c.

Pure white, superb, 5c.

Schizanthus

(BUTTERFLY ORCHID).

SCHIZANTHUS

These beautiful "Butterfly flowers" are extremely easy to grow, and are among the most continuous bloomers we have. The flowers are large and brilliant and very unique in form and color. The shape resembling the orchid very much. Colors, crimson, yellow, violet, white, etc. A grand pot plant. Pkt. 4c.

Scabiosa.

Many of the flowers are pure coal-black, others black tipped with white, pink, maroon, etc. **Morning Bride, or Sweet Scabiosa.** A beautiful border plant.

Mixed colors. pkt. 3c.

Double Mixed Colors. Dwarf habit; pkt. 3c.

Snow Ball. The plant is a strong grower, and the flowers are very large, perfectly double, and as white as snow; pkt. 3c.

Golden Dwarf. Golden foliage; very showy as a foliage plant, as well as the flower; pkt. 3c.

SCABIOSA.

Ten Weeks Stock.

TEN WEEKS' STOCK.

The most popular of German flowers; noted for their fragrance and range of color from snow-white to dark maroon brown.

Early Ten Weeks. 12 finest colors, mixed; pkt. 3c.

Early Ten Weeks. Pure white; pkt. 3c.

Ten Weeks. Crimson; pkt. 3c.

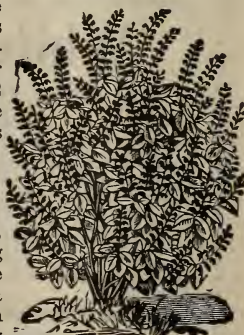

Giant Perfection. Mixed. Long spikes of large double flowers; pkt. 3c.

Scarlet Sage (Salvia Splendens).

One of the grandest plants in cultivation—a bed of them surpassing the finest scarlet geraniums in brilliancy and continuous bloom, the flower spikes measuring 10 to 12 inches in length, and there are as many as 200 spikes on a plant; pkt. 3c.

Salvia Farinacea.

The plants form dwarf, compact bushes, with long spikes of beautiful blue flowers, which make a charming contrast when grown with the scarlet described above; pkt. 4c.

SALVIA SPLENDENS.

VERBENA ODORATA.

FAIRY ROSES.

FAIRY ROSES.

In Bloom Two Months
After Planting . . .

These may well be called "Fairy Roses," for they bloom when scarcely two months old. They flower on little shoots from 3 to 5 inches high, and with age they increase in number until a plant a foot and a half tall is covered with these beautiful little midgets. Colors, white, pink, crimson, etc. A grand plant for pot culture and perfectly hardy outside, increasing from year to year. Start seed early in house for out-door blooming. Pkt. 5c.

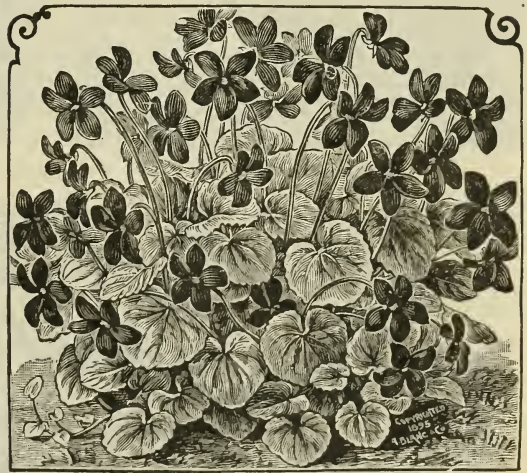

VERBENA ODORATA.

This lovely Verbena possesses great merit over other varieties, and they are such important ones that it will become a necessity to every garden. It is so hardy seed can be sown in the open ground early in the Spring, where they will quickly germinate, grow rapidly, and in a few weeks be in bloom and give a great profusion of beautiful blossoms all Summer. No garden flower is easier grown, for it is as sure to thrive as a poppy or pigweed. The blossoms instead of being in clusters like other sorts, run up into spikes, usually 3 or 4 inches long, as shown in the cut. It is very sweet scented. Color is pure white. Pkt. 5c.

VERBENA HYBRIDA, mixed. A splendid collection of best named varieties and colors. Free flowering. Pkt. 4c.

NEW YELLOW. A beautiful pale yellow; blooms in short time; the only yellow in cultivation. Pkt. 6c.

LEMON VERBENA. Everybody's favorite, leaves very fragrant, and lives from year to year. Seed germinates quickly. Pkt. 5c.

CALIFORNIA VIOLET.

New California Violet.

This grand new violet was first introduced two years ago, and immediately eclipsed all others in popularity. Plant vigorous and absolutely free from disease; flowers single, immense in size, covering a silver dollar; color violet-purple (does not fade); fragrance intense; flowers borne on strong stems ten to twelve inches in length. Last season several hundred flowers were picked from a single plant. Seed germinates quickly and will bloom first year. Pkt. 5c.

VIOLET, PERPETUAL WHITE. Free bloomer, pure white and very fragrant. Pkt. 3c.

SWEET WILLIAM.

Sweet William.

The favorite flower of our grandmothers. One of the best edging plants for the border, bearing in early summer large heads of the richest and most varied colors. Very fragrant and a favorite with everyone for vases and bouquets. **Improved Mixed Colors**—Perfect in form, large in size, brilliant and varied in colors. Pkt. 5c.

MAMMOTH ZINNIAS.

Zinnias

are very free and robust growers and produce all summer an abundance of rich bloom, and each flower remains perfect for weeks. Weather conditions make no difference to them.

Mammoth Zinnias. A great improvement over all others. Flowers double and single. Colors dazzling. Pkt. 5c.

Fairy Zinnias. Named so because the flowers are so small, also the plants. Pkt. 5c.

Double Mixed, extra large double flowers. Pkt. 3c.

Zebra or Striped Zinnias. Very curiously marked. Many colors on each flower. Pkt. 5c.

Red, White and Blue Water Lilies.

Few plants are much more attractive than these beautiful pond lilies; very fragrant and sweet. Grand combination of colors.

Three colors mixed, red, white, blue. Pkt. 5c.

Wallflower.

A favorite English flower somewhat like Ten-weeks Stocks. A half-hardy perennial; very fragrant and fine for cutting or for pots. Where winters are not very severe the Wallflower will live with protection and will bloom very early in spring.

Double Mixed Colors. Pkt. 5 and 10c.

GLADIOLUS.

Superb Mixed. No finer mixture of these grand flowers can be had than our Superb Mixed. Colors, reds, snow white, pinks, variegated, blotched, striped, etc. 4 for 10c., 12 for 20c., \$1.50 per 100.

Superb Mixed. (Second size bulbs.) All blooming bulbs, same quality as above, but smaller. 12 for 15c., 25 for 25c., 100 for \$1.00.

Butterfly Gladiolus Lemoinei. The most brilliant of all Gladiolus. Marked like Orchids and Gloxinias. Mixed 30 colors and kinds. 3 for 10c., 5 for 15c., 12 for 25c., 30 for 50c., 75 for \$1.00.

15 Named Gladiolus for \$1.00. For our friends who desire named Gladiolus we will make a selection of 15 of the best sorts, which cannot be beat for \$1.00.

APIOS TUBEROSA,

Or the Tuberous-rooted Wistaria.

A valuable hardy tuberous-rooted climber, closely resembling the common Wistaria in vine and foliage, and having clusters of rich deep purple flowers, which have a strong, delicious violet fragrance. Plant the bulbs near a trellis, fence, tree or any place where you may wish a climber. They grow to a great height and bloom profusely; perfectly hardy. 5c. each, 6 for 25c., 12 for 40c.

TUBEROSES.

Excelsior Pearl. The best of all Tuberozes for cultivation. Plants are dwarf with large spike of bloom. Extra large bulbs, 5c., 6 for 25c., 12 for 40c., 100 for \$2.00.

New Variegated. Very early and fragrant, leaves bordered with white, 5c., 6 for 25c., 12 for 40c.

**HYACINTHUS
CANDICANS.**

Perfectly Hardy.

A new blooming Hyacinth which flowers during August and September. Spikes of pure white flowers 2 feet long. 5c. each, 6 for 25c.

PHRYNIUM VARIEGATUM.

PHRYNIUM VARIEGATUM. Variegated Leaved Canna.

This is without doubt the grandest ornamental foliage plant in cultivation; its habit of growth is precisely like the Canna; it grows from a bulb or tuber, and may be wintered dry, like a gladiolus, or kept growing the year round as a pot plant. The Canna-like shoots grow from 18 inches to 2½ feet high, and the leaves, which are spreading and oblong in shape, are from 6 to 10 inches long and from 2 to 5 inches broad; they are a bright green, beautifully variegated with pure white, the variegations being extremely diversified. It is almost impossible to find two leaves exactly alike; in some leaves the whole area is pure white, while in others only half and in some one third, and in others again only a few faint stripes or lines, and all these leaves on one plant. It is a very free grower and a grand plant for bordering Canna beds, standing the hottest sun; in fact, the fiercer the sun the more perfect are the colorings; it is also a grand pot plant. Price, 15c. each, 3 for 30c., 6 for 50c., 80c. per dozen.

YUCCA FILAMENTOSA.

A tropical-looking plant, with long narrow leaves that remain green all the year round; flower stems 3 to 4 feet high, creamy white, bell-shaped flowers. 8c. each, 4 for 25c.

SPOTTED CALLA.

Leaves are a deep green with white spots which makes it very curious, flowers are pure white with black center. Elegant plant for garden as well as for pot culture, very easy to grow. Price fine bulbs, 10c. each, 4 for 25c., 9 for 50c.

DWARF CALLA LILY—LITTLE GEM.

CALLAS.

DWARF CALLA LILY, Little Gem. Dwarf habit and freedom of bloom. It rarely exceeds 12 inches in height. Flowers about half the size of the common variety, making it fine for bouquets. Strong blooming plants from pots, 15c., 2 for 25c.

NEW YELLOW CALLA. Golden yellow flower with jet black throat, very rare; and expensive. Same nature and habit as other callas. Good blooming bulbs, 50c. each.

One each 3 Callas, 65 cents.

SWEET VIOLETS.

THE CALIFORNIA. (New.) Plant vigorous and absolutely free from disease; flowers immense in size; color clear violet-purple (does not fade out); fragrance intense; flowers borne on strong stems 10 to 14 inches long, 10c. each, 3 for 25c.

LADY CAMPBELL. New double, deep purple; very fine, each 10c.

SWANLEY WHITE. In pots it grows luxuriantly and is loaded with flowers. In the garden it is hardy with slight protection, and greets us in early spring with a profusion of its large, snowy, sweet-scented blossoms. The growth of the plant is vigorous and healthy, bearing in great numbers very large, perfectly double flowers of pure snowy whiteness and unexcelled fragrance. 10c. each, 3 for 25c.

MARIE LOUISE. One of the finest purple, very double, sweet scented. 10c. each, 3 for 25c.

One each of the 4 Violets 30 cents.

ARECA LUTESCENS.

having a very tropical effect and at the same time being quite hardy. Strong plants, 15c. each. Extra size, 25c.

COCOS WEDDELIANA. This beautiful palm is unquestionably the most elegant and graceful in cultivation. It is admirably adapted for the centers of jardinières and fern dishes, as it retains its freshness for a long time, while for dinner table decoration it is unexcelled, and should be in every collection. Large plants, 12 to 15 inches, 30c. each. Extra size, 45c.

One each of the 4 Palms, 40 cents.

One each Extra size, 90 cents.

PALMS.

ARECA LUTESCENS. One of the very handsomest of all the Palms, is an easy plant to manage and always looks well in every stage of its growth. Its recurved glossy green fronds make it a most pleasing object. Price 15c. each. Extra size, 25c.

LATANIA BORBONICA. The well-known Fan Palm, from which the leaves are taken for our Fans. This variety is always in great demand,

Rudbeckia Golden Glow.

One of the very finest hardy perennials introduced in years. Grows from 6 to 8 feet and positively covered with large double yellow flowers like a Dahlia. Everybody should grow them. 2 for 25c., 5 for 50c., 12 for \$1.00.

Filifera Palm.

(WASHINGTON FILIFERA.)

This plant needs no petting or skill to grow. It flourishes with any treatment in any location in the house, porch or outside. The leaves are fan-shaped, beautifully cut and draped with a silk-like filament. Plants 15c. Extra size, 25c.

Palms from Seed.

The seed we offer is imported direct from New Zealand, West Indies, Australia, etc., and will germinate very quickly and give you a quantity of Palms cheap.

The 6 named Chrysanthemums, 50c.

CARNATION PINKS.

Will bloom all summer in open ground and all winter in the house.

Lizzie McGowan. Pure white, very large, almost like roses, strong grower and great bloomer.

Portia. Bright red, in richness of color, profusion of bloom, this variety has no equal.

Daybreak. A beautiful blush pink, almost white, magnificent color.

Rose Queen. Deep brilliant rose color, always in bloom.

Price Carnations, 10c. each, 4 for 30c.

Red Spirea.

THREE SPIREAS.

RED, WHITE,
BLUE.

RED SPIREA.—Anthony Waterer. Is of Japanese origin, and when scarcely three inches high begins to bloom and thereafter is seldom out of flower; as a house plant nothing can equal it. In the garden it will make a plant three feet high and wide and will be covered with heads 6 inches across of brilliant crimson flowers, and is of easiest growth. Price, 15c.; 2 for 25c.

WHITE SPIREA.—VanHouttei. Solid wreaths of snow-white flowers that cannot be counted in numbers, perfectly hardy and in the spring it is a weeping fountain of white. Price, 15c. each; 2 for 25c.

BLUE SPIREA.—Caryopteris. One of the best new plants introduced from Japan, perfectly hardy and grows about 2 feet high. Is covered until November with dense clusters of blue flowers, elegant for cutting. Price, 15c.; 2 for 25c.

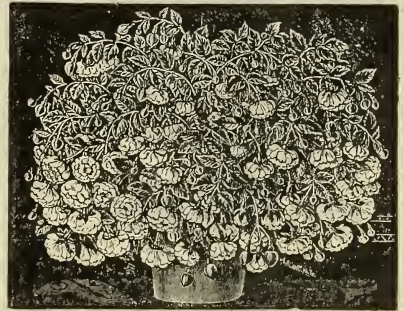

One each of the 3 Spireas, 30c

White Spirea.

Blue Spirea.

CALADIUM ESCULENTUM.

(ELEPHANTS' EARS.)

A grand sub-tropical foliage plant, growing four feet high and bearing immense shield-shaped

leaves of the smoothest, richest green. Extra fine for groups or single specimens upon the lawn, or as borders to tropical beds, or to plant at the margins of ornamental pools, etc.

Give plenty of water.

15c. each; \$1.50 per dozen

FUCHSIA.

(Storm King.)

The most charming and profuse bloomer of all the Fuchsias, exceedingly large flowers and very double.

Its graceful, weeping habit, and its superlatively beautiful flowers, more freely borne than those of any other sort, make it the most valuable of Fuchsias. It is always in bloom, often as many as 200 buds and blossoms on a plant at once. The branches droop most gracefully, and the blossoms are frequently as large as tea cups. The buds, for two weeks before they expand, are balls of glowing scarlet-crimson. When expanded the enormous double flowers are almost pure white, capped by a calyx of glowing scarlet. Strong plants, 15c. each; 2 for 25c.

GERANIUMS.

PANSY GERANIUM.

PANSY GERANIUM. This new and beautiful Geranium is of easiest growth, dwarf in habit and literally covered with flowers all the time, and as it requires little or no attention it is invaluable as a window plant. The coloring and marking of the flowers are most extraordinary, light pink, white, dark purple and black, etc., almost rivaling the pansy in uniqueness of flower. It is this combination of coloring which obtained for it the popular name of Pansy Geranium.

Strong Plants, 20c. each, 4 for 50c.

J. J. HARRISON. The most brilliant scarlet of all the Bruant race. Flowers of immense size, many of the florets measuring over two inches in diameter. Color rich brilliant scarlet. An excellent bedder and equally as good for pot culture. **15c., 2 for 25c.**

DOUBLE NEW LIFE. One of the sensations of the year, a very vigorous grower and easy culture. The outer florets are large and a bright scarlet; in the center of these appears another semi-double floret, pure white in color, making a most beautiful contrast of colors, having the appearance of being produced artificially; must be seen to be realized. **20c. each, 3 for 50c.**

MADAM BRUANT. It is entirely distinct from any other Geranium in cultivation, the plant is a very vigorous grower, and very free flowering. Center of flower is white, veined with carmine lake and each of the five petals bordered with bright Solferino. **15c., 4 for 50c.**

ALPHONSE RICARD. (Semi-Double Scarlet.) Color deep vermillion scarlet, compact habit, strong vigorous grower, broad deeply zoned foliage, large trusses of flowers borne on very heavy stalks, individual flowers from $\frac{3}{4}$ to 2 inches, a splendid house plant. **15c., 4 for 50c.**

LA FAVORITE. Trusses very large and one of the purest snowy-white, even when grown in the open ground. The plant is a good grower, of close, compact habit, and remarkably free flowering. **15c., 4 for 50c.**

DOUBLE NEW LIFE.

BLACK KNIGHT. The very best bedding variety, very robust grower and always in flower, color dark red, almost black. You will be highly pleased with it as an out-door Geranium. **15c., 5 for 50c.**

One each of 7 Geraniums, \$1.00.

Chinese Lantern Plant.

Physalis Francheti.

The Chinese Lantern Plant produces bright red fruits like a cherry, inclosed in transparent husks, globular shape, which makes a plant in bloom and fruit look like a bush covered with small Chinese Lanterns. Fruit is most delicious for eating, and when preserved is one of the most delicate desserts. For ornamental purposes when cut and dried it is truly novel, it retains its brilliancy for months. Elegant for pot plants as well as out of doors. **Strong Plants, 10c. each; 3 for 25c.; 7 for 50c.; 15 for \$1.00.**

SEED, 5c. per Pkt., 3 for 12c.

CHINESE LANTERN PLANT.

BOSTON FERN.

(*Nephrolepis Exaltata Bostoniensis*.)

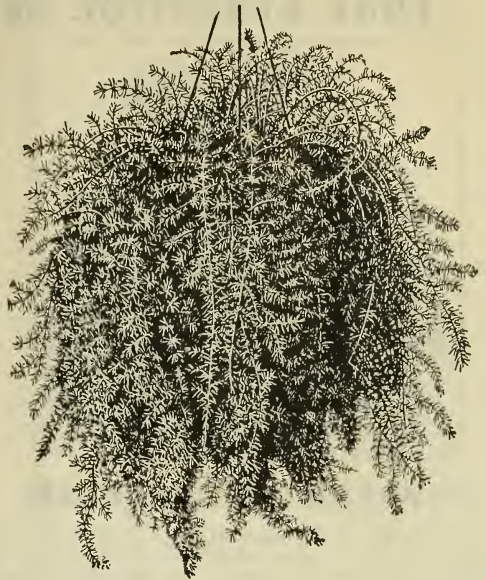

This grand new Fern has become the most popular decorative plant of the year. It is one of the very few plants that will thrive under ordinary house care. The fronds droop gracefully over the edge of pot, and as it is a very rapid grower the fronds soon attain the length of from 4 to 6 feet, which gives it the appearance of a **weeping fountain of green**.

A single plant exhibited recently in New York measured 10 feet in diameter.

Large Plants, 1½ to 2 feet, 20c.; 3 for 50c.
Extra Size Plants, 3 to 4 feet, \$1.25 each.

DAHLIA FLOWER.

Asparagus Sprengeri.

More popular than the Smilax. Has no equal as an ever-green plant. For pots, vases or hanging baskets it stands without a rival, as it droops most gracefully, sending out numerous feathery fronds, which within the short space of a year make a growth of from 4 to 6 feet. It remains fresh and green throughout the year, and being a strong, vigorous grower, resists all diseases. It produces small white flowers which are followed by **bright red berries**, which make a beautiful contrast with the dark green foliage. One of the very best Church, Christmas or Easter decorations.

Strong Plants, 20c. each, 4 for 50c.

Extra Strong Plants, 35c., 2 for 50c.

Asparagus Sprengeri Seed.

Plants grow very quickly from seed, and soon make handsome plants. **Pkt. 10c., 3 for 25c.**

SUPERB DAHLIAS.

FLORAL PARK JEWEL. The most unique novelty in Dahlias. The great beauty of a plant laden with flowers, each of a different color, must be seen to be appreciated. Unequalled. **15c. each, 2 for 25c.**

CAMELLIAFLORA. Dwarf. Flowers pure white, borne on long stems. The very best for cut flowers. **15c. each, 2 for 25c.**

MRS. FULLER (New Seedling). Flowers medium size, perfect form and a most constant bloomer, pure white, **very compact grower. 15c. each, 2 for 25c.**

MARY D. HALLOCK. A rich deep yellow, one of the most perfect formed flowers. **15c. each, 2 for 25c.**

ELECTRIC. Dazzling scarlet, profuse bloomer. **15c. each, 2 for 25c.**

The Set of 5 Dahlias, 60c.

FOUR BEAUTIFUL NEW PLANTS, 50c. Postpaid.**PEPPERMINT GERANIUM.**

This is the most remarkable new Geranium ever offered. The leaf is a beautiful light green and as soft as velvet, and with such a strong *Peppermint* fragrance, that a single plant will scent a large room; very dwarf compact grower. Flowers clear carmine red and produced in great profusion.

20c., 3 for 50c.

**NEW AGERATUM.**

PRINCESS PAULINE.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance; one of the most desirable plants for pot or bedding.

20c. each 4 for 50c., 10 for \$1.00.

**WEeping LANTANA.**

A New Weeping Plant of Great Beauty.

The plant has a most graceful drooping habit, grows very rapidly and blooms continually summer and winter, producing large clusters of the most delicate lilac or rosy pink flowers; foliage a beautiful dark green. A single plant on August 1st had 590 clusters of flowers on it, and Dec. 1st had 390 clusters of flowers on, which proves it one of the most persistent bloomers. We know of nothing recently introduced that will give as much pleasure as this beautiful Lantana.

Strong Plants 20c. each, 4 for 50c.

**PINEAPPLE SALVIA. (Grahami.)**

We now offer for the first time one of the grandest salvias. The leaf has such a delightful Pineapple fragrance, that a bed of it in open ground or a plant in the house will produce the most delicious fragrance. Covered with bright red flowers all summer and winter. 20c., 4 for 50c.

Everbearing Strawberry Saint Joseph.

This is really the first true everbearing large fruited strawberry ever offered. We quote the introducers of this grand fruit as follows: During last season we had it at our grounds, and a bounteous crop of splendid fruit has been gathered on these plants up to October, and we, ourselves, gathered fruit as late as *November 1st*. The flower stems are produced in succession from *May to October*, and as they have an abundance of fruit, some support for them is almost necessary. The fruit is of good size, dark red in color, solid, firm, very juicy, and of elegant quality.

Early runners planted separate during Summer have also produced a very good crop the same Autumn. Obtained a first-class certificate from the Société Nationale d'Horticulture de France.

Strong Plants, fruit this season, 20c., 4 for 50c., 10 for \$1.00.

TREE STRAWBERRY.

New Tree Strawberry.

This is one of the most beautiful Fruits ever seen; berries the size and shape of the largest strawberries; bright, rich, shining scarlet, with an exquisite bloom; makes lovely jams, Jellies and tarts, having a delicious flavor entirely different from any other fruit; bears the first season and gets larger and stronger every year. It came from Japan and was tested for two years here; the bush grows from eighteen inches to two feet high, is entirely hardy and will do well everywhere, regardless of heat and drought. All lovers of new fruits should give it a trial. **Strong plants, fruit first year, 15c., 5 for 50c.**

TREE STRAWBERRY SEED. Plants will grow and fruit first year from seed. **Pkt. 10c., 3 for 25c.**

THE NEW WHITE BLACKBERRY ICEBERG.

**The Paradox of the Fruit World, raised by LUTHER BURBANK,
whose originations have World-Wide Value and Fame.**

THE following is Mr. Burbank's own description, and its accuracy will be vouched for by all who know him, as he is commendably conservative in all that he says about his creations. In his desire to mislead no one, he leans rather toward under-rating than exaggerating the value of his originations. He says:

"Owing to the somewhat unsatisfactory qualities of White Blackberries so far known, the impression may have been entertained by some that no White Blackberry **could be** as productive and hardy, with berries as early, abundant, large, handsome and delicious, as the best black ones.

"The well-known Lawton is, when ripened, unsurpassed, and very generally known as the most productive market berry.

"One of the great grandparents of 'Iceberg' was Lawton. The first generation of seedlings, when crossed with Crystal White, was all black; the second also, though varying much in other respects; but the third produced this wonderful plant, bearing the snowiest white berries ever seen.

"Very little attention was paid to the long rows of cross-bred descendants, until one day this berry was discovered, among its black relatives, with their canes bending in various directions with their load of delicious, snowy berries, which are not only white, but so transparent that the seeds, which are unusually small, may be seen in the berries when ripe.

"Clusters, larger than those of Lawton; berries, as near as could be judged, were at least as large, earlier, sweeter, and more tender and melting throughout, though as firm as Lawton is when ripe."

**Strong Plants, fruit first year, 15c.; 2 for 25c.; 5 for 50c.; 12 for \$1.00; 100 for \$8.50.
Extra Strong Plants, sure to please, 20c.; 2 for 35c.; 4 for 50c.; 9 for \$1.00; 100 for \$10.00.**
